

PUBLIC NOTICE

The Arkansas Workforce Investment Board seeks public comment on a proposed change to the Comprehensive and Satellite Center certification process outlined in the State's Five Year Plan. Because these procedures will impact the state's ten Local Workforce Investment Areas, each was afforded the opportunity to participate on the team that crafted the new document. The entire certification document with attachments is available for review online at <http://www.arworks.org> or at the AWIB office. Please send all comments by November 6, 2003, to Jim Case, Arkansas Workforce Investment Board, 320 Executive Court, Suite 302, Little Rock, AR 72205.
